5. ELIGIBILITY CONDITIONS FOR INSURANCE COVERAGE

ELIGIBLE CLASS FOR MEMBERS. The members of the eligible class(es) are shown on the Schedule of Benefits. Each member of the eligible class (referred to as "Member") will qualify for such insurance on the day he or she completes the required eligibility period, if any. Members choosing to elect coverage will hereinafter be referred to as "Insured."

If employment is the basis for membership, a member of the Eligible Class for Insurance is any eligible hourly employee electing high dental working at least 30 hours per week. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

If both spouses are Members, and if either of them insures their dependent children, then the spouse, whoever elects, will be considered the dependent of the other. As a dependent, the person will not be considered a Member of the Eligible Class, but will be eligible for insurance as a dependent.

ELIGIBLE CLASS FOR DEPENDENT INSURANCE. Each Member of the eligible class(es) for dependent coverage is eligible for the Dependent Insurance under the policy and will qualify for this Dependent Insurance on the latest of:

1. the day he or she qualifies for coverage as a Member;
2. the day he or she first becomes a Member; or
3. the day he or she first has a dependent.

COVERAGE FOR NEWBORN AND ADOPTED CHILDREN. A newborn child will be covered from the date of birth.

An adopted child, foster child and other child in court-ordered custody will be covered from the date of placement in the Insured's residence. A newborn adopted child will be covered from the date of birth if the Insured has agreed in writing to adopt the child prior to its birth and the child is ultimately placed in the Insured's residence.

Coverage for a newborn, adopted or foster child shall consist of coverage for covered expenses, subject to applicable deductibles, coinsurance percentages, maximums and limitations, resulting from care or treatment of congenital defects, birth abnormalities, and premature birth.

The Insured must give us written notice within 31 days of the date of birth or placement of a dependent child to start coverage. We will charge the applicable additional premium from the date of birth or placement for an adopted or foster child.

A Member must be an Insured to also insure his or her dependents.

If employment is the basis for membership, a member of the Eligible Class for Dependent Insurance is any eligible hourly employee electing high dental working at least 30 hours per week and has eligible dependents. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

Any spouse who elects to be a dependent rather than a member of the Eligible Class for Personal Insurance, as explained above, is not a member of the Eligible Class for Dependent Insurance.

When a member of the Eligible Class for Dependent Insurance dies and, if at the date of death, has dependents insured, the Policyholder has the option of offering the dependents of the deceased employee continued coverage. If elected by the Policyholder and the affected dependents, the name of such deceased member will continue to be listed as a member of the Eligible Class for Dependent Insurance.

CONTRIBUTION REQUIREMENTS. Member Insurance: An Insured is required to contribute to the payment of his or her insurance premiums.

Dependent Insurance: An Insured is required to contribute to the payment of insurance premiums for his or her dependents.

SECTION 125. This plan is provided as part of the Employer's Section 125 Plan. Each Member has the option under the Section 125 Plan of participating or not participating in this plan.

If a Member does not elect to participate when initially eligible, the Member may elect to participate at a subsequent Election Period. This Election Period will be held each year and those who elect to participate in this plan at that time will have their coverage become effective on January 1.

Members may change their election option only during an Election Period, except for a change in family status. Such events would be marriage, divorce, birth of a child, death of a spouse or child, or termination of employment of a spouse.

ELIGIBILITY PERIOD. For Members on the Plan Effective Date of the policy, coverage is effective immediately.

For persons who become Members after the Plan Effective Date of the policy, qualification will occur following the eligibility period of 395 calendar day(s) of continuous active employment.

OPEN ENROLLMENT. If a Member does not elect to participate when initially eligible, the Member may elect to participate at the Policyholder's next enrollment period. This enrollment period will be held each year and those who elect to participate in this policy at that time will have their insurance become effective on January 1.

If employment is the basis for membership in the Eligible Class for Members, an Insured whose eligibility terminates and is established again, may or may not have to complete a new eligibility period before he or she can again qualify for insurance.

ELIMINATION PERIOD. Certain covered expenses may be subject to an elimination period, please refer to the TABLE OF DENTAL PROCEDURES, DENTAL EXPENSE BENEFITS, and if applicable, the ORTHODONTIC EXPENSE BENEFITS pages for details.

EFFECTIVE DATE. Each Member has the option of being insured and insuring his or her Dependents. To elect coverage, he or she must agree in writing to contribute to the payment of the insurance premiums. The Effective Date for each Member and his or her Dependents, will be:

1. the date on which the Member qualifies for insurance, if the Member agrees to contribute on or before that date.
2. the date on which the Member agrees to contribute, if that date is within 31 days after the date he or she qualifies for insurance.
3. the date we accept the Member and/or Dependent for insurance when the Member and/or Dependent is a Late Entrant. The Member and/or Dependent will be subject to any limitation concerning Late Entrants.

EXCEPTIONS. If employment is the basis for membership, a Member must be in active service on the date the insurance, or any increase in insurance, is to take effect. If not, the insurance will not take effect until the day he or she returns to active service. Active service refers to the performance in the customary manner by an employee of all the regular duties of his or her employment with his or her employer on a full time basis at one of the

employer's business establishments or at some location to which the employer's business requires the employee to travel.

A Member will be in active service on any regular non-working day if he or she is not totally disabled on that day and if he or she was in active service on the regular working day before that day.

If membership is by reason other than employment, a Member must not be totally disabled on the date the insurance, or any increase in insurance, is to take effect. The insurance will not take effect until the day after he or she ceases to be totally disabled.

6. HOW TO ACCESS YOUR SERVICES AND OBTAIN APPROVAL OF BENEFITS

An insured person has the freedom of choice to receive treatment from any Provider. (Participating Providers will charge a reduced amount, so savings may be realized for treatment performed by a Participating Provider as described in this Policy.)

No pre-approvals are requirement for services. Pre-treatment estimates of benefits are available.

Network Panel Participation

A listing of Participating Dentists for your state has been included in this packet. You may also access a listing of Participating Providers on our web site as well as our Colorado Dental Network Access Plan at www.ameritas.com or call Provider Relations at 800-755-8844.

The information contained in the enclosed network directory or on our web site concerning providers may change at any time and without notice. There is no guarantee that the provider you select from the list will still be a network provider at the time you plan to have services performed. Some providers may not participate in the network at all locations where they practice. Prior to making an appointment and again at the time of the appointment, please verify with the provider that they participate in the network. If you are not able to keep your appointment, please give the participating provider at least 24 hours advanced notice of your need to cancel or reschedule. This allows providers to properly schedule patient visits.

For informational purposes only: At the time this packet was printed, there were no network providers located in the following Colorado counties:

Dental: Baca, Cheyenne, Crowley, Custer, Gilpin, Gunnison, Jackson, Kiowa, Mineral, Moffat, Ouray, Phillips, Pitkin, Saguache, Rio Blanco, San Juan, Sedgwick, Yuma

7. BENEFIT COVERAGE (WHAT IS COVERED) DENTAL EXPENSE BENEFITS

We will determine dental expense benefits according to the terms of the group policy for dental expenses incurred by an Insured. An Insured person has the freedom of choice to receive treatment from any Provider.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted into each benefit type as shown in the Table of Dental Procedures. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage(s) shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount, if any, shown in the Schedule of Benefits.

BENEFIT PERIOD. Benefit Period refers to the period shown in the Table of Dental Procedures.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Amount shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured.

COVERED EXPENSES. Covered Expenses include:

1. only those expenses for dental procedures performed by a Provider; and
2. only those expenses for dental procedures listed and outlined on the Table of Dental Procedures.

Covered Expenses are subject to "Limitations." See Limitations and Table of Dental Procedures.

Benefits payable for Covered Expenses also will be based on the lesser of:

1. the actual charge of the Provider.
2. the usual and customary ("U&C") as covered under your plan, if services are provided by a Non Participating Provider.
3. the Maximum Allowable Charge ("MAC") as covered under your plan, if services are provided by a Participating Provider, who is a general dentist.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider's fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

MAC - The Maximum Allowable Charge is derived from the array of provider charges within a particular ZIP code area. These allowances are the charges accepted by dentists who are Participating Providers. The MAC is reviewed and updated periodically to reflect increasing provider fees within the ZIP code area.

ACCESS TO PARTICIPATING PROVIDERS. If you are unable to schedule a visit with a Participating Provider within a reasonable period of time or driving distance and are not otherwise in need of emergency services, please contact us at the toll-free number shown on your ID card and we will attempt to locate a Participating Provider for you to visit. However, if we are unable to locate a Provider for you or you are in need of emergency services and are unable to obtain such services from a Participating Provider, we will review and pay the eligible claims submitted as if you had visited a Participating Provider.

ALTERNATIVE PROCEDURES. If two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care, the amount of the Covered Expense will be equal to the charge for the least expensive procedure. This provision is NOT intended to dictate a course of treatment. Instead, this provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. Accordingly, you may choose to apply the alternate benefit amount determined under this provision toward payment of the submitted treatment.

We may request pre-operative dental radiographic images, periodontal charting and/or additional diagnostic data to determine the plan allowance for the procedures submitted. We strongly encourage pre-treatment estimates so you understand your benefits before any treatment begins. Ask your provider to submit a claim form for this purpose.

EXPENSES INCURRED. An expense is incurred at the time the impression is made for an appliance or change to an appliance. An expense is incurred at the time the tooth or teeth are prepared for a prosthetic crown, appliance, or fixed partial denture. For root canal therapy, an expense is incurred at the time the pulp chamber is opened. All other expenses are incurred at the time the service is rendered or a supply furnished.

TABLE OF DENTAL PROCEDURES

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY FOR YOUR PROCEDURE FREQUENCIES AND PROVISIONS.

The attached is a list of dental procedures for which benefits are payable under this section; and is based upon the Current Dental Terminology © American Dental Association. **No benefits are payable for a procedure that is not listed.**

- Your benefits are based on a Calendar Year. A Calendar Year runs from January 1 through December 31.
- Benefit Period means the period from January 1 of any year through December 31 of the same year. But during the first year a person is insured, a benefit period means the period from his or her effective date through December 31 of that year.
- Covered procedures are subject to all plan provisions, procedure and frequency limitations, and/or consultant review.
- Reference to "traumatic injury" under this plan is defined as injury caused by external forces (ie. outside the mouth) and specifically excludes injury caused by internal forces such as bruxism (grinding of teeth).
- Benefits for replacement prosthetic crown, appliance, or fixed partial denture will be based on the prior placement date. Frequencies which reference Benefit Period will be measured forward within the limits defined as the Benefit Period. All other frequencies will be measured forward from the last covered date of service.
- Radiographic images, periodontal charting and supporting diagnostic data may be requested for our review.
- We recommend that a pre-treatment estimate be submitted for all anticipated work that is considered to be expensive by our insured.
- A pre-treatment estimate is not a pre-authorization or guarantee of payment or eligibility; rather it is an indication of the estimated benefits available if the described procedures are performed.

ORTHODONTIC EXPENSE BENEFITS

Orthodontic expense benefits will be determined according to the terms of the policy for orthodontic expenses incurred by an Insured. This section includes Covered Expenses for Medically Necessary Orthodontic procedures for those over the pediatric age, which includes coverage for the treatment of cleft lip and cleft palate.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount shown in the Schedule of Benefits.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Benefit During Lifetime shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured during his or her lifetime.

COVERED EXPENSES. Covered Expenses refer to the usual and customary charges made by a provider for necessary orthodontic treatment rendered while the person is insured under this section. Expenses are limited to the Maximum Amount shown in the Schedule of Benefits and Limitations. All benefits are subject to the definitions, limitations and exclusions and are payable only when we determine they are necessary for prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.

Usual and Customary (“U&C”) describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider’s fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

ORTHODONTIC TREATMENT. Orthodontic Treatment refers to the movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

TREATMENT PROGRAM. Treatment Program ("Program") means an interdependent series of orthodontic services prescribed by a provider to correct a specific dental condition. A Program will start when the bands, brackets or appliances are placed. A Program will end when the services are done, or after eight calendar quarters starting with the day the appliances were inserted, whichever is earlier.

EXPENSES INCURRED. Benefits will be payable when a Covered Expense is incurred:

- a. at the end of every quarter (three-month period) of a Program for an Insured who pursues a Program, but not beyond the date the Program ends; or
- b. at the time the service is rendered for an Insured who incurs Covered Expenses but does not pursue a Program.

The Covered Expenses for a Program are based on the estimated cost of the Insured's Program. They are pro-rated by quarter (three-month periods) over the estimated length of the Program, up to a maximum of eight quarters. The last quarterly payment for a Program may be changed if the estimated and actual cost of the Program differ.

8. LIMITATIONS/EXCLUSIONS
(What is Not Covered and Pre-existing Condition Limitations)

DENTAL LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

10. for services that are not required for necessary care and treatment or are not within the generally accepted parameters of care.
11. because of war or any act of war, declared or not.

ORTHODONTIC LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for a Program on or after the Covered Person's 19th birthday.
2. for a Program begun before the Insured became covered under this section, unless the Insured was covered for Orthodontic Expense Benefits under the prior carrier on December 31, 2025 and are both:

10. To replace lost, missing or stolen orthodontic appliances.

9. MEMBER PAYMENT RESPONSIBILITY

Members may be required to pay all or a portion of the premium amount for their coverage or their enrolled dependent coverage, as determined by the Policyholder.

Members are responsible for paying their share of covered expenses and the entire dentist's charge for Non Covered Services. Such cost sharing may include deductible amounts and coinsurance amounts.

For services performed by a Participating Provider, the member pays the difference between the plan payment and the Participating Provider's discounted fee. For services performed by a Non Participating Provider, the member pays the difference between the plan payment and the Provider's actual charge for the service.

10. CLAIMS PROCEDURES (HOW TO FILE A CLAIM)

CLAIM FORMS. We will furnish to the person making the claim or to the Policyholder for delivery to that person, the claim forms usually used for filing proof of loss. If these forms are not sent by 15 days after we receive notice of claim, the person making the claim will be deemed to have complied with the proof of loss requirements of the policy as to proof of loss upon submitting, within the time fixed in the policy for filing proof of loss, written proof covering the occurrence, character, and extent of the loss for which claim is made.

PROOF OF LOSS. Written proof of loss must be given to us within 90 days after the incurred date of the services provided for which benefits are payable. If it is impossible to give written proof within the 90-day period, we will not reduce or deny a claim for this reason if the proof is filed as soon as is reasonably possible.

NOTICE OF CLAIM. Written notice of a claim must be given to us within 90 days after the incurred date of the services provided for which benefits are payable.

Notice must be given to us at our Home Office, or to one of our agents. Notice should include the Policyholder's name, Insured's name, and policy number. If it was not reasonably possible to give written notice within the 90 day period stated above, we will not reduce or deny a claim for this reason if notice is filed as soon as is reasonably possible.

TIME OF PAYMENT. We will pay all benefits in accordance with state requirements. Clean claims will be paid, denied, or settled within thirty calendar days if received electronically and within 45 days if received by other means. If additional information is required to administer the claim, we will notify the insured, patient, provider, or policyholder within 30 calendar days of receipt of the claim. Except in cases where fraud is involved, all claims will be paid, denied, or settled within 90 calendar days of our receipt. Any balance remaining unpaid at the end of any period for which we are liable will be paid at that time.

PAYMENT OF BENEFITS. Participating Providers have agreed to accept assignment of benefits for services and supplies performed or furnished by them. When a Non-Participating Provider performs services, all benefits will be paid to the Insured unless otherwise indicated by the Insured's authorization to pay the Non-Participating Provider directly.

FACILITY OF PAYMENT. If an Insured or beneficiary is not capable of giving us a valid receipt for any payment or if benefits are payable to the estate of the Insured, then we may, at our option, pay the benefit up to an amount not to exceed \$5,000, to any relative by blood or connection by marriage of the Insured who is considered by us to be equitably entitled to the benefit.

Any equitable payment made in good faith will release us from liability to the extent of payment.

PROVIDER-PATIENT RELATIONSHIP. The Insured may choose any Provider who is licensed by the law of the state in which treatment is provided within the scope of their license. We will in no way disturb the provider-patient relationship.

COORDINATION OF THIS GROUP CONTRACT'S BENEFITS WITH OTHER BENEFITS

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one plan. "Plan" is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

DEFINITIONS

A. A "plan" is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) "Plan" includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) "Plan" does not include: hospital indemnity coverage or other fixed indemnity coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

B. This plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determine whether this plan is a "primary plan" or "secondary plan" when compared to another plan covering the person.

When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits. When this plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan's benefits, so that all plan benefits do not exceed 100% of the total Allowable expense.

D. "Allowable expense" is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
- (2) If a person is covered by 2 or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
- (3) If a person is covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
- (4) If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the secondary plan to determine its benefits.
- (5) The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the Plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. "Claim determination period" is usually a calendar year, but a plan may use some other period of time that fits the coverage of the group contract. A person is covered by a plan during a portion of a claim determination period if that person's coverage starts or ends during the claim determination period. However, it does not include any part of a year during which a person has no coverage under this plan, or before the date this COB provision or a similar provision takes effect.

F. "Closed panel plan" is a plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with either directly or indirectly or are employed by the plan, and that limits or excludes coverage benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

G. "Custodial parent" means a parent awarded primary custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

ORDER-OF-BENEFIT DETERMINATION RULES

When two or more plans pay benefits, the rules for determining the order of benefit payments are as follows:

- A. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other plan.
- B.
 - (1) Except as provided in paragraph (2), a plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both plans state that the complying plan is primary.
 - (2) Coverage that is obtained by virtue of being member in a group, and designed to supplement part of the basic package of benefits, may provide supplementary coverage that shall be in excess of any

other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

C. A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

D. The first of the following rules that describes which plan pays its benefits before another plan is the rule to use.

(1) Non-Dependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is primary and the plan that covers the person as a dependent is the secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, policyholder, subscriber or retiree is secondary and the other plan is the primary.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(i) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or

(ii) If both parents have the same birthday, the Plan that has covered the parent the longest is the primary plan.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

The plan covering the custodial parent;

The plan covering the spouse of the custodial parent;

The plan covering the non-custodial parent; and then

The plan covering the spouse of the non-custodial parent.

(c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

- (3) Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same person as a retired or laid-off employee is the Secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (5) Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the primary plan and the plan that covered the person the shorter period of time is the Secondary plan.
- (6) If the preceding rules do not determine the order of benefits, the allowable expenses shall be shared equally between the Plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

- A. When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB shall not apply between that plan and other closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this

plan and other plans covering the person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another plan may include an amount that should have been paid under this plan. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. The Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

11. GENERAL POLICY PROVISIONS

LEGAL PROCEEDINGS. No legal action can be brought against us until 60 days after the Insured sends us the required proof of loss. No legal action against us can start more than five years after proof of loss is required.

INCONTESTABILITY. Any statement made by the Policyholder to obtain the Policy is a representation and not a warranty. All misrepresentations must be intentional misrepresentations of a material fact. No misrepresentation by the Policyholder will be used to deny a claim or to deny the validity of the Policy unless:

1. The Policy would not have been issued if we had known the truth; and
2. We have given the Policyholder a copy of a written instrument signed by the Policyholder that contains the misrepresentation.

The validity of the Policy will not be contested after it has been in force for two years, except for nonpayment of premiums or fraudulent misrepresentations.

WORKER'S COMPENSATION. The coverage provided under the Policy is not a substitute for coverage under a workmen's compensation or state disability income benefit law and does not relieve the Policyholder of any obligation to provide such coverage

CONFORMITY WITH LAW. Any policy provision that conflicts with the laws of the state in which the policy is issued, is automatically changed to meet the minimum requirements of those laws.

ENTIRE CONTRACT. The policy and the application of the Policyholder constitute the entire contract between the parties. A copy of the Policyholder's application is attached to the policy when issued. All statements made by the Policyholder or an Insured will, in the absence of fraud, be considered representations and not warranties. No statement made to obtain insurance will be used to avoid the insurance or reduce the benefits of this policy unless it is in a written application signed by the Policyholder or Insured. A copy of this must have been given to the Policyholder or Insured.

No change in this policy will be valid unless approved in writing by one of our officers and given to the Policyholder for attachment to the policy. No agent has the authority to change this policy or waive any of its provisions. Any change in this policy will be valid even though an Insured may not have agreed to it.

INSURANCE DATA. The Policyholder will furnish, at our request, data necessary to administer this policy. The data will include, but not be limited to data:

- i. necessary to calculate premiums;
- ii. necessary to determine a person's effective date or termination date of insurance;
- iii. necessary to determine the proper coverage level of insurance.

We shall have the right to inspect any of the Policyholder's records we find necessary to properly administer this policy. Any inspections will be at a time and place convenient to the Policyholder.

We will not refuse to insure a person who is eligible to be insured just because the Policyholder fails or errs in giving us the data necessary to include that person for coverage. An Insured's insurance will not stay in force nor an amount of insurance be continued after the termination date, according to the Conditions for Insurance, because the Policyholder fails or errs in giving us the necessary data concerning an Insured's termination.

CERTIFICATES. We will issue certificates to the Policyholder showing the coverage under the policy. The Policyholder will distribute a certificate to each insured Member. If the terms of the certificate differ from the policy, the terms stated in the policy will govern.

PARTICIPATION REQUIREMENTS. There are two requirements that must be met in order for the policy to be placed in force, and to remain in force:

- a. a certain percentage of all Members qualified for insurance must be insured at all times; and
- b. a certain number of Insureds must be insured at all times.

The Participation Requirements are as follows:

Percentage of Members-	20%
Number of Members-	330

CONSIDERATION. This policy is issued to the Policyholder in consideration of the application and the payment of premiums specified in this policy.

TERMS AND CONDITIONS. Payment of any benefit under this policy is subject to the definitions and all other terms of this policy pertinent to the benefit.

12. TERMINATION / NONRENEWAL / CONTINUATION

TERMINATION DATES

INSUREDS. The insurance for any Insured, will automatically terminate on the end of the month falling on or next following the earliest of:

1. the date the Insured ceases to be a Member;
2. the last day of the grace period; or
3. the date the policy is terminated.

DEPENDENTS. The insurance for all of an Insured's dependents will automatically terminate on the end of the month falling on or next following the earliest of:

1. the date on which the Insured's coverage terminates;
2. the date on which the Insured ceases to be a Member;
3. the last day of the grace period; or
4. the date all Dependent Insurance under the policy is terminated.

The insurance for any Dependent will automatically terminate on the th of the month falling on or next following the date on which the dependent no longer meets the definition of a dependent. See "Definitions."

CONTINUATION OF COVERAGE. If coverage ceases according to TERMINATION DATE, some or all of the insurance coverages may be continued. Contact your plan administrator for details.

Termination of Employment

Employees and Dependents

Please contact the person who handles the policyholder's insurance matters to see if these provisions are available to you.

Eligibility

The employee has the right to elect continuation for himself and his and dependents if:

1. The employee's eligibility to receive coverage has ended for any reason other than discontinuance of the group policy in its entirety or with respect to an insured class;
2. Any premium required from or on behalf of the employee has been paid to the termination date;
3. The employee has been continuously insured under the policy, or under a similar policy, for at least six months prior to termination.

The employer is not required to offer continuation for any person who is covered by Medicare or Medicaid.

Continuation Period

Upon termination of employment, death, or change in marital status, the employee or dependents has the right to continue the coverage for a period of 18 months after loss of coverage or until such employee or dependents becomes eligible for other group coverage. However, should new coverage exclude a condition covered under the continued plan, coverage under the prior employer's plan may be continued for the excluded condition only for the 18 months or until the new plan covers the condition, whichever occurs first.

Notice Requirements of the Employer

The employer shall notify the employee in writing of their right to continue health care coverage upon termination from employment. A written communication signed by the employee or a notice postmarked within 10 days of termination mailed by the employer to the last-known address shall meet the notice requirements. The notice shall inform the employee of:

1. The right to elect to continue the existing coverage;
2. The amount such employee shall pay monthly to the employer to retain the coverage, which payment shall include the employer's contribution for such employee in addition to the employee's own contribution.
3. The "how, where and when" the payment to the employer must be made;
4. The fact that loss of coverage will result if timely payment is not made to the employer.

The employee shall notify the employer in writing of the employee's election to continue coverage and shall make proper payment as soon as possible upon notification by the employer of termination. However, in no case shall such notification occur or such payment be made more than 30 days after the date of termination unless the employer failed to provide timely notice (10 day notice period - see above).

Failure to Provide Notice

If the employer fails to notify an eligible employee of the right to elect continuation, the employee shall have the option to retain coverage if, within 60 days of the date the employment is terminated, the employee makes the proper payment to the employer to provide continuous coverage.

If the employer fails to make payment to the insurer, with the result that the employee's coverage is terminated, the employer shall become liable for the employee's coverage, but to no greater extent than the amount of the premium.

I. Definitions

"Adverse Determination" means a determination made by us or our designee that a request for a benefit has been reviewed and, based upon the information provided, does not meet our requirement for medical necessity, or is determined to be experimental or investigational, and is therefore denied, reduced or terminated. An adverse determination also includes a denial due to a contractual exclusion when the Covered Person is able to present evidence from a medical professional that there is a reasonable medical basis that the contractual exclusion does not apply to the denied benefit.

"Grievance" means a written complaint on by or on behalf of a Covered Person regarding claims payment, handling, or reimbursement for health care services, including a grievance concerning an adverse determination.

"Designated Representative" means a Person, including the treating provider or a Person to whom the Covered Person has given express written consent to represent the Covered Person, or a Person authorized by law to provide substituted consent for a Covered Person, including but not limited to a guardian, agent under a power of attorney, a proxy or a designee of the Colorado Department of Health Care Policy and Financing.

"Utilization Review" means a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings.

II. Levels of Review

The following levels of review will be available to a Covered Person and/or designated representative:

First Level Grievance Review - for written grievances, including those resulting from an adverse determination.

Voluntary Second Level Grievance Review - following first-level reviews if grievance not resolved.

Expedited Review - only for adverse determinations of requests for urgent care pre-treatment benefit estimates.

External Review - available following either the first or second level review for adverse determinations.

A. First Level Grievance Review

A written grievance concerning any matter, including an adverse determination, may be submitted by a Covered Person or his or her designated representative, within 180 calendar days of receipt of the adverse determination. A Covered Person does not have the right to attend or to have a representative in attendance at the first level review, but the Covered Person is entitled to submit written comments, documents, records and other material relating to the request for benefits for the reviewer(s) to consider when conducting the review. For review of a benefit denial due to a contractual exclusion, the Covered Person must be able to provide evidence from a medical professional that there is a reasonable medical basis that the exclusion does not apply. The Covered Person has the right to receive upon request and free of charge, reasonable access to, and copies of all documents, records and other information relevant to the Covered Person's request for benefits. We will send a written decision to the Covered Person and designated provider no later than thirty (30) calendar days after receiving a request for first level review. The review of an adverse determination will be conducted by a clinical peer other than the Person or Persons who made the initial determination on the matter.

B. Voluntary Second Level Grievance Review

In any case where the first level grievance review process or expedited review process involving an adverse determination does not resolve a difference of opinion, the Covered Person or their designated representative may request a second level review. We will provide the Covered Person, upon request, information relating to the voluntary second level review so that the Covered Person can make an informed decision whether to submit the adverse determination to a voluntary second level review. The request for a second level review should be made within thirty (30) calendar days after receipt of the decision resulting from the first level review. The Covered Person may designate the provider(s) to whom we shall send a copy of the review decision.

We will appoint a review panel to review the request. The panel will include a minimum of three (3) people, the majority of whom will not have been previously involved in the grievance. If the review is regarding an adverse determination, the majority of Persons reviewing the request will be clinical peers who have appropriate expertise.

The review panel will meet within sixty (60) calendar days after receiving a request from a Covered Person or designated representative for a voluntary second-level review. The Covered Person shall be notified at least twenty (20) calendar days in advance of the review date.

The Covered Person or designated representative has the right to appear in Person or through conference call at the review meeting and can present written comments or materials relating to the review. These documents should be sent to us at least five (5) calendar days prior to the meeting. Any new material developed after the 5-day deadline must be sent as soon as practicable.

The Covered Person has the right to receive, upon request, a copy of the materials that we intend to present at the review meeting at least five (5) calendar days prior to the meeting. Any new material developed after the 5-day deadline will be provided as soon as practicable if the Covered Person had requested materials previously.

The Covered Person has the right to have an attorney at the review meeting and should advise us of this no later than seven (7) calendar days prior to the meeting. If the decision to have an attorney present is made after the 7-day deadline, notice will be provided to us as soon as practicable. If we plan to have an attorney present, we will advise the Covered Person at the time we advise the review date.

If we plan to make an audio or video recording of the review, we will advise the Covered Person at the time we advise the review date. Such a recording may be provided to any external review entity should one be held after the Second Level Review.

The review panel will issue a written decision to the Covered Person within seven (7) calendar days of the review meeting.

C. Expedited Review – Available for Adverse Pre-Treatment Benefit Estimates Only

Pre-authorization of benefits is not required under our plans. For urgent care situations, an expedited review of an elective pre-treatment benefit determination can be requested orally or in writing. A request for a concurrent expedited External Review may be made at the same time (see below for more information on External Review). Expedited reviews of an adverse determination will be reviewed by clinical peers in the same or similar specialty as would normally manage the case under review, different from those who were involved in the initial adverse determination. A Covered Person or representative does not have the right to attend the expedited review, but can submit related written comments, documents and records.

We will make a decision and notify the Covered Person or their designated representative no later than seventy-two (72) hours after the carrier's receipt of request. Written confirmation of the decision will be provided within three (3) calendar days of the decision, if the initial notification was not in writing.

If the expedited review does not resolve a difference of opinion, a voluntary second level review is available, as described in B. above.

D. Independent External Review for Adverse Determinations (Benefit Decisions Based on Medical Necessity)

The Covered Person has a right to request an independent external review if there still remains a difference of opinion following any internal reviews or if we fail to properly follow required Internal Review procedures.

The Covered Person or representative can request an External Review four (4) months after receipt of an adverse decision following a First Level Grievance Review, or sixty (60) calendar days after receipt of an adverse decision following a Second Level Grievance Review. Requests for external review must be made in writing to us and include a completed external review request form as specified by the Division of Insurance and a consent form authorizing us to disclose any health information necessary during the review. New information may also be submitted by the Covered Person or provider related to the matter in question. There is no minimum dollar amount for a claim to be eligible for an external review.

If we were to deny a request for a standard external review, we will send notification in writing or electronically, including the specific reasons for the denial and information about how to appeal the denial of the request with the Division of Insurance. A copy of this denial will be sent to the Division at the same time it is sent to the Covered Person.

When we receive a request for external review, we will send a copy to the Commissioner of Insurance within two (2) working days. If the request is incomplete, we will notify the covered person within five (5) days after receipt of an incomplete request for a standard external review and within 24 hours of receipt of an incomplete request for an expedited external review.

If we reverse an adverse determination based on new or additional information submitted to us, before the required time for notifying the Commissioner, we will notify the covered person within one (1) business day of the reversed decision by electronic or fax delivery, or by telephone followed by written confirmation.

Within two (2) business days of receipt of a request, the Division of Insurance will randomly select an independent review organization that does not have a conflict of interest to review the matter. Upon selection, the Division will notify us of the name and address of the independent external review organization where the appeal should be sent.

Within one (1) business day, we will then notify the Covered Person of this information, electronically, by fax, or by telephone followed by written confirmation. The notice will include a written description of the independent external review entity the Commissioner selected and information regarding how the Covered Person may provide the Commissioner with any documentation regarding potential conflict of interest concerns. The Covered Person has two (2) business days after that to submit such documentation.

Within one (1) business day after the Commissioner determines necessary, the Commissioner will assign a different entity and notify us of the new information so that we can send the appeal information.

Within five (5) business days of receipt of the notice from us, the Covered Person may submit additional information to the independent external review entity for consideration during the review. The independent entity may also choose to accept additional information after the five day period but is not required to do so. Information received will be forwarded to us within one (1) business day of receipt.

The independent external review entity is not bound by any determinations made by us.

We will provide all requested information to the independent review entity within five (5) business days, including an index of submitted materials.

Within two (2) days after receipt of these materials, the independent review entity will send the Covered Person the index.

If the review entity requests additional information from the Covered Person, the provider, or us, the information must be submitted within five (5) business days or an explanation as to the unavailability of such information must be submitted within that time frame.

The independent review entity will communicate its decision within forty-five (45) calendar days after receipt of the request for the external review. Written notification will be sent to the Covered Person, the carrier, the provider, and the Commissioner.

If the independent review entity decides that a benefit is payable:

- a. For prospective pre-treatment estimate reviews, we will approve the benefit within one (1) business day.
- b. For retrospective treatment claim reviews, we will approve the benefit within five (5) business days.

We will provide written notice of the approval to the Covered Person or designated representative within one (1) business day of our approval. Coverage will be subject to the terms and conditions of the policy.

External review decisions are binding on us and the Covered Person, except to the extent there are other remedies available under federal or state law. Additional external review requests for the same matter are not permitted.

Further details about the external review process will be provided upon request or at the time an external review is requested.

E. Expedited External Review

No pre-authorizations are required under our policies. However, the Covered Person or designated representative has a right to request an expedited external review of a request for a pre-treatment estimate of benefits if the Covered Person has a medical condition where the timeframes for completion of a standard external review would seriously jeopardize the health of the Covered Person. All requests for an expedited external review must include a physician's certification that the Covered Person's medical condition meets the criteria as defined above. Upon receipt of a request for an expedited external review, we will send a copy of the request to the Commissioner of Insurance within one (1) business day electronically or by telephone or fax.

Other steps described above will be performed in an expeditious manner. The Commissioner will randomly assign the independent external review entity within one (1) business day of receipt of the request for an expedited external review. Within one (1) business day of receiving such notice from the Commissioner, we will notify the Covered Person of such entity, followed up in writing if such notice was made by telephone. We will immediately submit all related information to the independent review entity in the most expeditious manner.

The independent review entity will communicate its determination within 72 hours to the Covered Person, the carrier, the provider, and the Commissioner.

III. Written Decision

When a decision is issued from any level of review, the following information will be included in the written decision:

1. The names, titles and qualifying credentials of the Persons participating in the grievance review process.
2. A statement of the reviewer's understanding of the grievance.
3. The decision stated in clear terms, and the contract basis or medical rationale supporting the decision, a reference to the evidence or documentation used as a basis for the decision.
4. A description of our review procedures, any time limits applicable to such procedures, and any appeals rights.
5. A description of any additional material or information necessary and an explanation of why such material or information is necessary for any further review.
6. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol, or a statement that such rule, guideline, or protocol, was relied upon and that a copy will be provided free upon request.
7. If the adverse benefit determination is based on medical necessity or experimental treatment or similar exclusion or limitation, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the Covered Person's medical circumstances, or a statement that such explanation will be provided free of charge upon request.
8. For first level reviews, a description of the process to obtain a second level grievance review and the time frame for review. Following a second level review, a description of the process to request an independent external review.
9. Notice of the Covered Person's right to contact the Colorado Division of Insurance.

G. Continuation of Coverage Provisions (COBRA)

COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985) gives Qualified Beneficiaries the right to elect COBRA continuation after insurance ends because of a Qualifying Event. The law generally covers group health plans maintained by employers with 20 or more employees in the prior year. The law does not, however, apply to plans sponsored by the Federal government and certain church-related organizations.

i. Definitions For This Section

Qualified Beneficiary means an Insured Person who is covered by the plan on the day before a qualifying event. Any child born to or placed for adoption with a covered employee during the period of COBRA coverage is considered a qualified beneficiary.

A Qualifying Event occurs when:

1. The Member dies (hereinafter referred to as Qualifying Event 1);
2. The Member's employment terminates for reasons other than gross misconduct as determined by the Employer (hereinafter referred to as Qualifying Event 2);
3. The Member's work hours fall below the minimum number required to be a Member (hereinafter referred to as Qualifying Event 3);
4. The Member becomes divorced or legally separated from a Spouse (hereinafter referred to as Qualifying Event 4);
5. The Member becomes entitled to receive Medicare benefits under Title XVII of the Social Security Act (hereinafter referred to as Qualifying Event 5);

6. The Child of a Member ceases to be a Dependent (hereinafter referred to as Qualifying Event 6);
7. The Employer files a petition for reorganization under Title 11 of the U.S. Bankruptcy Code, provided the Member is retired from the Employer and is insured on the date the petition is filed (hereinafter referred to as Qualifying Event 7).

ii. Electing COBRA Continuation

- A. Each Qualified Beneficiary has the right to elect to continue coverage that was in effect on the day before the Qualifying Event. The Qualified Beneficiary must apply in writing within 60 days of the later of:
 1. The date on which Insurance would otherwise end; and
 2. The date on which the Employer or Plan Administrator gave the Qualified Beneficiary notice of the right to COBRA continuation.
- B. A Qualified Beneficiary who does not elect COBRA Continuation coverage during their original election period may be entitled to a second election period if the following requirements are satisfied:
 1. The Member's Insurance ended because of a trade related termination of their employment, which resulted in being certified eligible for trade adjustment assistance;
 2. The Member is certified eligible for trade adjustment assistance (as determined by the appropriate governmental agency) within 6 months of the date Insurance ended due to the trade related termination of their employment; and
 3. The Qualified Beneficiary must apply in writing within 60 days after the first day of the month in which they are certified eligible for trade adjustment assistance.

iii. Notice Requirements

1. When the Member becomes insured, the Plan Administrator must inform the Member and Spouse in writing of the right to COBRA continuation.
2. The Qualified Beneficiary must notify the Plan Administrator in writing of Qualifying Event 4 or 6 above within 60 days of the later of:
 - a. The date of the Qualifying Event; or
 - b. The date the Qualified Beneficiary loses coverage due to the Qualifying Event.
3. A Qualified Beneficiary, who is entitled to COBRA continuation due to the occurrence of Qualifying Event 2 or 3 and who is disabled at any time during the first 60 days of continuation coverage as determined by the Social Security Administration pursuant to Title II or XVI of the Social Security Act, must notify the Plan Administrator of the disability in writing within 60 days of the later of:
 - a. The date of the disability determination;

- b. The date of the Qualifying Event; or
 - c. The date on which the Qualified Beneficiary loses coverage due to the Qualifying Event.
4. Each Qualified Beneficiary who has become entitled to COBRA continuation with a maximum duration of 18 or 29 months must notify the Plan Administrator of the occurrence of a second Qualifying Event within 60 days of the later of:
 - a. The date of the Qualifying Event; or
 - b. The date the Qualified Beneficiary loses coverage due to the Qualifying Event.
 5. The Employer must give the Plan Administrator written notice within 30 days of the occurrence of Qualifying Event 1, 2, 3, 5, or 7.
 6. Within 14 days of receipt of the Employer's notice, the Plan Administrator must notify each Qualified Beneficiary in writing of the right to elect COBRA continuation.

In order to protect your rights, Members and Qualified Beneficiaries should inform the Plan Administrator in writing of any change of address.

iv. COBRA Continuation Period

1. 18-month COBRA Continuation

Each Qualified Beneficiary may continue Insurance for up to 18 months after the date of Qualifying Event 2 or 3.

2. 29-month COBRA Continuation

Each Qualified Beneficiary, who is entitled to COBRA continuation due to the occurrence of Qualifying Event 2 or 3 and who is disabled at any time during the first 60 days of continuation coverage as determined by the Social Security Administration pursuant to Title II or XVI of the Social Security Act, may continue coverage for up to 29 months after the date of the Qualifying Event. All Insured Persons in the Qualified Beneficiary's family may also continue coverage for up to 29 months.

3. 36-Month COBRA Continuation

If you are a Dependent, you may continue Coverage for up to 36 months after the date of Qualifying Event 1, 4, 5, or 6. Each Qualified Beneficiary who is entitled to continue Insurance for 18 or 29 months may be eligible to continue coverage for up to 36 months after the date of their original Qualifying Event if a second Qualifying Event occurs while they are on continuation coverage.

Note: The total period of COBRA continuation available in 1 through 3 will not exceed 36 months.

4. COBRA Continuation For Certain Bankruptcy Proceedings

If the Qualifying Event is 7, the COBRA continuation period for a retiree or retiree's Spouse is the lifetime of the retiree. Upon the retiree's death, the COBRA

continuation period for the surviving Dependents is 36 months from the date of the retiree's death.

v. Premium Requirements

Insurance continued under this provision will be retroactive to the date insurance would have ended because of a Qualifying Event. The Qualified Beneficiary must pay the initial required premium not later than 45 days after electing COBRA continuation, and monthly premium on or before the Premium Due Date thereafter. The monthly premium is a percentage of the total premium (both the portion paid by the employee and any portion paid by the employer) currently in effect on each Premium Due Date. The premium rate may change after you cease to be Actively at Work. The percentage is as follows:

18 month continuation - 102%

29 month continuation - 102% during the first 18 months, 150% during the next 11 months

36 month continuation - 102%

vi. When COBRA Continuation Ends

COBRA continuation ends on the earliest of:

1. The date the Group Policy terminates;
2. 31 days after the date the last period ends for which a required premium payment was made;
3. The last day of the COBRA continuation period.
4. The date the Qualified Beneficiary first becomes entitled to Medicare coverage under Title XVII of the Social Security Act;
5. The first date on which the Qualified Beneficiary is: (a) covered under another group Dental policy and (b) not subject to any preexisting condition limitation in that policy.

H. Your Rights under ERISA

As a participant in this Plan, you are entitled to certain rights and protections under the Employment Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as work-sites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and

copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to operate and administer this plan prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Rights

If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling those publications hotline of the Employee Benefits Security Administration
